FISHING ACCESSORIES

The **Bait Jar Single** and **Bait Jar Double**, shown below, are fishing accessories which enable the fisherman to secure the bait jars to their fishing vest or waders using a heavy swivel snap hook. The single is used to hold a single bait jar while the double will hold multiple bait jars. The **Bait Jar Single** allows for a secure and out of the way option of holding a jar while successfully and calmly baiting your hook.

The **Salmon River Float Holster**, shown at right, also assists the fisherman in a unique manner. This product will hold a half ounce bottle of liquid. Fly floatens, fly sinkens and fly line cleaning solutions all come in a half ounce bottles, so the choice is yours. The holster uses a **GGO™** pin-on retractor which secures the products to your vest or waders. You will find that the fishing and hunting accessories produced by **GGO™** enables the individual sportsman an ultimate outdoor experience.

ARCHERY, RECREATIONAL SPORTS & MISC. ACCESSORIES

The **Belt Caddies** are available with either a D-Ring or a heavy swivel snap hook. They attach to any style belt, pack, or 1" diameter tree stand frames. The **Belt Caddies** make useful connectors in conjunction with the **Belt**

Belt Caddies **Grabber** in securing a variety of items available for any household project or hunting experience. The **Belt Grabber** is made with 6 D-Rings attached to 1.5" webbing for attaching your favorite fishing or hunting accessories. Can be used also with your waders or around a tree in a tree stand to hold items. The small belt fits waist sizes 28"-40." The large belt fits waist sizes 38"-50."

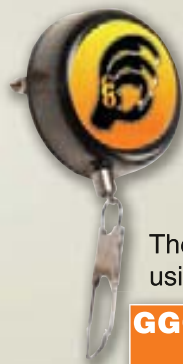

The **GGO Retractor** is constructed using a pin-on, steel braided cable with a connector on the end to attach to any item you need to keep secure and close by for a hands-free experience. The **Archery Score Pack** from **GGO™** enables you to have your scoring tools right by your side. The pack can be attached wherever you like using the **GGO Retractor**. The pack will hold your favorite pen and plastic hole puncher used for scoring during any archery tournament shoot.

TURKEY HUNTING ACCESSORIES

The **Rapid Draw Single** and **Rapid Draw Double** will hold one or multiple cases of mouth diaphragm calls or chalk. The single is made to velcro around your favorite belt or pack. The double attaches to a **GGO Retractor** with a heavy D-ring. This retractor pins onto your vest and contains a steel braided cable which enables the sportsman to pull the calls away from their vest for easy use and secure storage with minimal movement. Also can be used in WhiteTail Deer & Elk hunting.
